- Heavy-Duty Construction
- 3 year Parts and Labor Limited Warranty
- Overall Dimensions (HWD): 8"x15.5"x17"
- Weight: 26lbs (11.8kg)

If you are looking for a simple and versatile solution for applying labels to bottles, cans, jars or other cylindrical objects, look no further! BOTTLEMATE by Labelmate enables you to label all kinds of cylindrical objects by simply inserting the container and pressing a foot switch. Once the foot switch is activated the label is applied at over 4.5" per second, and most bottles are labeled in less than 2 seconds! This allows you to quickly remove the bottle and insert another to start the procedure again. Once a rhythm is established bottles are labeled VERY quickly. The BOTTLEMATE can label products at speeds of up to 1200 Pieces an hour!

The Heavy-Duty construction of BOTTLEMATE by Labelmate will withstand the most high volume production environments. Backed by Labelmate's unparalleled 3 year parts and labor limited warranty the BOTTLEMATE is built to last. Choose BOTTLEMATE by Labelmate for convenience and reliability at an industry-leading low price!
